LUBRIFICANTE SUPERIORE

CATENA MOTO STRADA-PISTA

Product Data Sheet

K9 Lubrificante Catena Moto Strada-Pista is a high-adhesion spray grease designed to protect and lubricate all types of chains, with or without O-ring and X-ring. It offers superior anti-wear, anti-rust and anti-corrosion protection with marked EP (Extreme Pressure) properties, helping to extend the life of the chain, the rear sprocket and the front pinion. It is resistant to water wash-off.

Regular use of **K9 Lubrificante Catena Moto Strada-Pista** helps prevent wear of the chain links, the rear sprocket and the front pinion.

The product's high adhesiveness makes it suitable for road transmissions as well as high-performance applications, remaining firmly attached to the chain.

PROPERTIES

- Powerful lubricating and EP (Extreme Pressure) action
- High adhesiveness on chain links
- Extends the life of the chain, rear sprocket and front pinion
- Superior anti-wear, anti-rust and anti-corrosion protection
- Resistant to water wash-off

DIRECTIONS FOR USE

Shake well before use. Before application, clean the chain with **K9 Lubrificante Catena Moto Strada-Pista** to remove dirt, oil and scale. Apply along the entire length of the chain, allowing the product to penetrate every part, and let dry.

STORAGE

Store in the original closed packaging, maintaining it indoors, protected from moisture, direct exposure to sunlight and weather conditions. Avoid continuous and excessive temperature changes. Do not expose to temperatures above 50 °C.
